The Mayville Ledger, a Republican paper, has declared for Judge Thos. H. Paynter for United States Senator.

At Winchester, Judge Benton overruled motions of both plaintiffs and defendants for new trials in the Marcum damage suit. An appeal in each case was granted to the Court of Appeals.

If you want to keep posted as to the candidates for county offices look over our announcement column each week. They are so numerous that we can not call attention to each one in the local columns.

Russia is on the verge of a revolution. There have been riots within the last few days that have resulted in the loss of hundreds of lives. The Czar is making desperate efforts to put down the insurrection, but the outcome is yet in doubt.

Senator Blackburn got himself interviewed again a few days ago and denied part of his first spasm. The newspaper man told all about it and proved the truth of his report. Blackburn took another turn and put on the flashing touches. If Joe isn't 'sorry he spoke' we can't see why.

It would undoubtedly be a great mistake to tear away the present State buildings and erect a million-dollar capital on that site, when a more becoming location may be procured at a reasonable price. Even those wild horses assembled at Frankfort know this is true, but the main question is lost sight of in the squabbling over smaller matters and side issues.

The Kentucky House has adopted the Drewry resolution, expressing the sense of the body to be that the present Capitol site is unsuitable for the new building. The vote stood forty-three for to twenty-eight against the resolution. This is considered a test vote by members favoring the selection of a new site. The Republican members of the Legislature held a caucus and resolved to oppose any measure at this session.

Editor T. B. Garner is again publishing the Daily Big Sandian at Williamsburg. He seems determined to give that town a daily paper, notwithstanding the fact that Williamsburg's population is considerably below the figures supposed to be necessary to the success of such a sheet. "Nerve" is usually admired in a live town like Williamsburg. Here is a chance for their warmest admiration.

As usual the Kentucky Legislature is acting like a lot of school boys. Called together to do a thing that the people of Kentucky recognize as necessary, they are simply wasting time and money and doing nothing but wrangle. Politics, Senatorial content, animosities, petty spites, per diem, and several other matters foreign to the subject supposed to be under consideration, are figuring prominently, and this accounts for the failure of these statesmen to select a Capitol site and adjourn within a few days. It is disgusting.

Falling hair means weak hair. Then strengthen your hair; feed it with the only hair food, Ayer's Hair Vigor. It checks falling hair, makes the hair grow, completely cures dandruff. And it always restores color to gray hair, all the rich, dark color of early life.

My hair was falling out badly and I was afraid I would lose it all. Then I used Ayer's Hair Vigor. It quickly stopped the falling and made my hair all I could wish it to be.

Hartford, Conn.

The Licking River railroad, thirty-nine miles in length, and 12,000 acres of land in Rowan county, has been sold to Boston capitalists. The road is to be further extended into the mountains and possibly to Owingsville or Mt. Sterling. New saw mills will be erected along the line of the road.

Greenup, Ky., Jan. 21.—The remains of John Patrick, killed by a train in Columbus, Ohio, reached here to-day for burial. He was one of the five men who broke jail here about four weeks ago. A card in his pocket having the address of a young woman in Portsmouth led to the identification.

The stockholders of the Union Grocery Company met last week and elected the old directors. At the meeting of the directors later, R. E. L. Wilson was elected president to succeed W. T. Hord, who desired to retire. H. E. Renick was elected vice-president to succeed Mr. Wilson, and M. J. Webb was re-elected secretary and treasurer.—Greenup Democrat.

Mayville, Ky., Jan. 22.—Frank Robb aged thirty-five, was found dead at the Chesapeake and Ohio coal docks this morning with a bullet hole through his head. His father was a Union soldier from Lewis county, and formerly conducted a saloon here. The cause of Robb's death is unknown. A pistol was found near him. The mystery is under investigation.

Painstville Items.—Fred Castle has taken the contract to build a fine residence for Fred Howes, on Second street, this city. John Shepherd and John M. Shepherd executed bond Saturday, and left on the night train for Floyd county, Jeff Shepherd, of Magdoff county being one of the bondsmen. Miss Fannie E. Mayo, accompanied by her brother, W. I. Mayo, leaves today for her school in Millersburg. Miss Mayo has not been well since her return for the Christmas holidays, hence her late departure for college.

Representative Hunter, of the Eleventh Kentucky district, and Representative Hopkins, of the Tenth Kentucky district, in whose districts reside the bulk of the pensioners of the State of Kentucky, appeared before the House Committee on Pensions and made arguments in favor of placing the State militia of Kentucky on the same footing as the regular volunteers in the Civil War. During the war thirteen battalions of Kentucky soldiers served under the State Government. The States were reimbursed for their services, but they never had a pension status, though many of them saw equally as hard service as the volunteers.

DO NOT SUPPRESS A COUGH.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and the disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructs the breathing and irritating the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by A. M. Hughes.
